

Work Safely at Heights RIIOHS204A

This course is suitable for persons who are required to undertake safe working practices when working at heights or depths.

Our Aims

- To provide a friendly, comfortable and safe learning environment.
- To support (if necessary), any special needs you may have with your learning, to the best of our ability, and to ensure your training is enjoyable and meets your specific learning needs.

Duration of Training

1 Day Course

Training Includes

- Identify work requirements
- Prepare for work
- Access and install equipment
- Perform work at heights
- Clean up work area

Location

The course can either be conducted at our customised skills training centre, or on request at client sites.

Assessment

Learning and assessment activities will be conducted by assessors using a range of evidence gathering techniques throughout the course, including written and practical assessments. Your trainer and assessor will clearly explain the assessment process to you and support you where necessary to ensure you have a full understanding of the assessment process prior to commencing any assessment.

Outcomes

Successful participants will receive a Statement of Attainment in:

- **RIIOHS204A Work safely at heights**

This competency forms part of Certificate II in Resource Processing RII20509.

Pre-requisites

There are no pre-requisites or co-requisites for this course.
